Basic vocabulary for medical tools

The picture sheet can be used in various ways. The teacher can randomly dictate the words below, using sentences to give context and the students label the pictures with the appropriate vocabulary. Or the vocabulary can be scrambled on the board or on a sheet (see next page).

1 bandages	blood glucose meter	cotton buds
2 blood pressure monitor	digital thermometer	lamp
3 dropper	forceps	gauze
4 hand sanitizer	pen light	mask
5 tape measure	gloves	reflex hammer
6 scales	scalpel	stethoscope
7 stopwatch	tongue depressor	tweezers
8 flasks	scissors	ultrasound
9 ophthalmoscope	gown	mirror

cotton buds gauze
ultrasound.
ophthalmoscope scissors
tongue depressor dropper forceps
bandages Scalpel stopwatch
scales blood glucose meter
