Number 1

Hey Layla, you look fit!

Yes Logan, I feel fit and healthy. If I hadn't started going to the gym last year, I would've got really lazy and chubby. Like I was 2 years ago!

Number 2

Wow, Amelia, what's up with you? You seem to have so much energy.

Oh Leo, I just ate an apple for lunch. If I'd eaten fast food for lunch like yesterday, I might've fallen asleep already.

Number 3

Hey Kai, you look down. What happened?

I just lost my job. I was so stupid. I went to a party all night and fell asleep at work. If I hadn't fallen asleep at work, I would still have my job.

Number 4

Grayson, I heard you went on a holiday by yourself. Is that true?

Yes!...How embarrassing! If I hadn't had a big fight with my girlfriend, she would've come with me.

Number 5

Harper, what's going on? What's happening with your grades?

Sorry! If I had studied harder, I could have passed easily. I spent too much time making videos for YouTube. I promise I'll do better next term.

Number 6

Hey Olivia, It's your turn to pay for lunch.

Oh I'm sorry, I have no money again. I really have to solve my money problem. If I'd saved money when I had that part-time job, I would've been okay. But I didn't and now I'm always broke.

OK Olivia, you can pay next time.
