Mountain Rescue

The snowboarder was hiking up the mountain, trying to reach the highest peak. He finally made it to the top, and started snowboarding down the mountain. He felt so happy, so free, he jumped into the air and did some tricks. But suddenly, he lost control, and tumbled down the mountain. Several hours later, a rescue dog found him unconscious, at the bottom of the mountain. The rescue team soon arrived, and the helicopter airlifted him out of there. The snowboarder survived, but he had a broken leg, and some bruises.
