### Questions

1. When you look at someone's appearance, the first thing you might notice is their face, hair, or clothes.
2. Words you can use to describe a person's age include young, old, middle-aged, and elderly.
3. Words you can use to describe a person's looks include pretty, handsome, beautiful, attractive, and cute.
4. The most important aspect of a person's appearance is how they feel about themselves. When a person feels confident and happy with how they look, they will feel good about themselves and others will see that too.
5. Yes, people can change their appearance in many ways. For example, they can change their hairstyle or color, wear makeup, dress differently, or exercise to improve their physical fitness. They can also undergo cosmetic procedures such as plastic surgery, but it's important to remember that a person's inner qualities are what matter most, not just their physical appearance.
