

“as.....as” and “not as” (grammar with critical thinking)

Activity 1: Agree/Disagree Exercise

Read the statements below and decide if you agree or disagree, explaining why.

1. A car is as fast as an airplane. _____
2. An apple is not as heavy as an elephant. _____
3. The ocean is as deep as a swimming pool. _____
4. A book is not as interesting as a video game. _____

Activity 2: Ranking Exercise

Rank the following statements from most accurate to least accurate comparison.

- _____ A book is not as interesting as a movie.
- _____ The sun is as bright as a lamp.
- _____ A mountain is not as tall as a skyscraper.
- _____ The ocean is as deep as a lake.
- _____ An elephant is as heavy as a car.

Explain why the first ranked item is the most accurate: _____

Activity 3: "as...as" and “not as”

Instructions: Read each situation. Write a sentence using "as...as" or “not as” to compare the two elements. Explain your comparison. For 4 and 5, use your own ideas.

1. **Situation:** A new smartphone model vs. the previous model in terms of battery life.
 - **Example Sentence:** The battery life of Iphone 15 is as good as Iphone 14.
 - **Explanation:** They both have good battery life.
2. **Situation:** The impact of a healthy diet vs. regular exercise
 - **Your Sentence:** _____
 - **Explanation:** _____
3. **Situation:** Studying alone vs. studying in a group
 - **Your Sentence:** _____
 - **Explanation:** _____
4. **Situation:**
 - **Your Sentence:** _____
 - **Explanation:** _____
5. **Situation:**
 - **Your Sentence:** _____
 - **Explanation:** _____

Activity 1 Possible answers

1. Disagree. Cars are generally not as fast as airplanes.
2. Agree. An apple is much lighter than an elephant.
3. Disagree. The ocean is much deeper than a swimming pool.
4. This can vary. Some might find books more interesting, others might prefer video games.
5. Disagree. The sun is much brighter than a street light.

Activity 2 Possible answers

1. An elephant is as heavy as a car.
 - Explanation: This is the most accurate because the weight of an elephant can be comparable to that of a small car, making it a realistic comparison.
2. A mountain is not as tall as a skyscraper.
 - Explanation: This is quite accurate since there are some extremely tall skyscrapers.
3. A book is not as interesting as a movie.
 - Explanation: This is subjective and varies from person to person. Some may find books more interesting, others might prefer movies.
4. The ocean is as deep as a lake.
 - Explanation: This is less accurate because generally, oceans are much deeper than lakes, although some lakes can be exceptionally deep.
5. The sun is as bright as a lamp.
 - Explanation: This is the least accurate because the sun is far brighter than any lamp, making this comparison highly unrealistic.

Activity 3 Possible answers

1. **Situation:** A new smartphone model vs. the previous model in terms of battery life.
 - **Your Sentence:** The battery life of the iPhone 15 is as good as the iPhone 14.
 - **Explanation:** They both have good battery life, likely due to similar battery technology and energy-efficient designs.
2. **Situation:** The impact of a healthy diet vs. regular exercise.
 - **Your Sentence:** A healthy diet is as crucial as regular exercise for maintaining a healthy lifestyle.
 - **Explanation:** Both a nutritious diet and consistent physical activity are essential components for overall health; one supports the body's nutritional needs while the other strengthens it physically.
3. **Situation:** Studying alone vs. studying in a group.
 - **Your Sentence:** Studying in a group is not as quiet as studying alone.
 - **Explanation:** Group study tends to involve discussion and collaboration, which can create a more dynamic but less quiet environment compared to solitary study.
4. **Situation:** The reliability of online news sources compared to traditional newspapers.
 - **Your Sentence:** Online news sources are not as reliable as traditional newspapers.
 - **Explanation:** Traditional newspapers often have rigorous editorial standards and fact-checking processes, while online sources may prioritize speed over accuracy.
5. **Situation:** The experience of watching a live theater performance versus a movie in the cinema.
 - **Your Sentence:** Watching a live theater performance is as interesting as watching a movie in the cinema.
 - **Explanation:** Both experiences engage the audience with compelling stories and performances; however, theater offers a unique live interaction that can be more unpredictable and engaging.
