

Decision Making

1: Making Housing Decisions

Imagine you need to find a new place to live. What factors most influence your housing decision? Check the three that most affect your choice.

- Monthly rent/costs
- Location/neighborhood
- Size of living space
- Distance to work/school
- Public transportation access
- Safety of the area

Explain why you chose these three: _____

2: Career Decisions

When making career path decisions, rank these considerations from 1-5 (1 being most important, 5 being least important).

- Salary potential
- Work-life balance
- Growth opportunities
- Job security
- Location flexibility

Explain why the top ranked item has the most significant impact. _____

3: Decision-Making Behaviors

Sort these decision-making behaviors into Helpful (H) or Unhelpful (U).

- Gathering alternatives
- Getting stuck between choices
- Letting others persuade you
- Making pros and cons lists
- Acting on impulse
- Avoiding overwhelming feelings
- Seeking expert advice
- Following the crowd

Based on your choices, what kind of decision maker are you? _____
